

We learn with
& support our
local & wider
community

Dirleton Primary School

We learn by discovering,
exploring, conserving
& sharing our local community

Can you help?

A Week of Talents

27th - 31st May

We are currently organising a 'week of talents' in school to highlight the wide variety of talents that we have within our school and wider community. We would love the talented people within the village to share their talents with our children. If you are free and wish to share your talents with our children please get in touch with school to let us know when you are available. It could be that you discuss your pathway through education, your job and what it entails, a talent, hobby or interest that you have or a collection that you maintain. The aim of this week is to inspire our learners to realise where their talents may take them. If you are unavailable during the highlighted week but wish to come into school another time please let us know.

We look forward to our community sharing its many talents.
